

# THE HOME PARTY COLLECTION

## SOCIAL AND SAFE

We have put together a brochure of essential products to help you shake off the lockdown blues and celebrate the joy of being together.

**Individual at home parties that are stylish, social and safe.**

View our range of festive essentials packaged to provide great impact and value so you can party in style with the ones you love in the safety of your home.

With the vaccine rollout gathering pace and having a positive impact on the horror that has been COVID-19 we believe there is cause for celebration. With small groups of people being able to gather outside from May why not quench that desire to bask in the company of others and spend some much-needed time with family and friends with a fab garden party.

Our special brochure contains the essential production items you will need to put together a stylish memorable evening. Simply pick and choose the items you like and build an event to suit you. We can then discuss the details and our friendly team will arrive, install and leave you to enjoy your party.

**We can make your garden the perfect place to safely welcome back your special friends, without the risks and within the regulations.**

All prices subject to VAT**

### **Design services**

We offer a full range of supporting services which can assist you in realising the full potential of your evening. We have our own team of talented and experienced designers to provide you with help at all stages of the planning. We can conduct site surveys to assess the best use of your venue and can supply simple scale layouts or create intricate 3D models helping everyone visualise the elements and ensure a smooth event. We are very happy to provide you as little or as much help as you need or desire.

Please do get in touch and let us see what we can do to make things easy for you.

### **Duty technician.**

All systems will be installed and checked when we deliver however if you would like to book a friendly duty technician who can remain on standby to deal with any technical issues and give you peace of mind leaving you free to party with family and friends then we would recommend selecting this. Our technicians are friendly and knowledgeable and know how to blend discreetly into the background. They will attend smartly dressed in a black suit and shirt unless you specify otherwise.

Please call the office to discuss specific timings and to discuss your requirements in more detail.

### **Delivery and Set up**

All products will be delivered and installed by our team of event professionals. A price for this will be calculated once we have had a chat to determine your requirements and when and where the items are needed. During this call we will determine details such as availability of power, access restrictions and see if we can be of assistance in any other way.
